

Fast Fact Sheet

About Telnic Limited

Founded in 2000, Telnic Limited is the UK-based Registry Operator and Sponsoring Organization for the new .tel sponsored top level domain (sTLD). For more information regarding the .tel domain or Telnic Limited, please visit www.telnic.org.

Company Timeline

- **2000** – Telnic is founded and collaborates with strategic partners and service providers to develop a proof-of-concept.
- **October 2000** – Telnic applies for the .tel in the first round of TLD applications, which is not successful. However, ICANN encourages Telnic to re-submit in the following round after building a proof of concept.
- **March 2004** – Telnic re-submits its modified application to ICANN for the .tel sTLD.
- **May 2006** – Telnic's application is successful and ICANN signs a formal agreement authorizing Telnic to operate the .tel sTLD.
- **2006** – Development begins on open source mobile and desktop client applications.
- **2007** - Key agreements with strategic partner Neustar and Sunrise Validation Agent Deloitte are signed.
- **2007** – Telnic campaigns for better protection of privacy for individuals in WHOIS.
- **22nd June 2008** – The Sunrise period is announced for 3rd December 2008 to the industry at ICANN Paris
